The High Holidays celebration at Beit Kraków!

[details below]

Rosh HaShanah, Tashlich, Yom Kippur... The voice of shofar sounds from one corner of the Earth to another, reminding us about an intensive, deep, difficult and beautiful time ahead – Yamim Noraim, time of return, repentance, repair. New Year is a time where we can pause in our rat race of life, taste a delicious apple with honey and cast away „our sins” into the abyss of the Vistula river, and look at ourselves with respect to other humans, other community members and the Creator. What old must pass away for the New to enter? What in us must be transformed or cleansed? Rosh HaShanah is not about colorful fireworks, but about the mocking laughter coming from the depths of our own personal deserts, to motivate us to make better choices, choose better paths.

Join us in this special time!
